

# ➔ STAR TSP143III WLAN

Introducing Star's new wireless printer solution, the latest model from Star's renowned TSP100 Series used by retailers & restaurateurs across the globe from major retailers & fast food restaurants to your local corner shop & café.

Offering simple, yet effective wireless communication, the TSP143III WLAN supports 802.11b/g/n - 2.4GHz with an easy-to-use & ready to go setup. Star's WPS (Wifi protected setup) easy connection makes the wireless setup simple.

This latest addition to the TSP100 Series provides a range of new features including a high print speed of 250 mm / second, a guillotine auto cutter (cutter life 2 million cuts) as well as thin paper capability providing benefits not only for the environment but also the user's operating costs. The cost-effective solution includes the convenience of an internal power supply along with a vertical mount kit in the box.

- ✦ **WLAN** cable-free interface with USB device charging point (5V-1Amp)
- ✦ **FAST** 250 mm/second print speed
- ✦ **WPS** easy set-up
- ✦ **DROP-IN & Print** paper loading
- ✦ **ULTRA white** version available (indent only)
- ✦ **NEW guillotine** auto cutter (MCBF 2 million cuts)
- ✦ **CONVENIENT** internal power supply
- ✦ **THIN** paper capability (0.053 to 0.085mm)
- ✦ **NEW AllReceipts** Digital Receipting from Star Cloud Services

**Designed to work with today's market leading operating systems – Android, iOS, Linux, Mac OS & Windows, this printer will have a dramatic impact on the retail environment and enhance Star's leading position in the mPOS as well as traditional POS marketplaces.**

# ➔ TSP143III WLAN

## 80mm Receipts

## Simple Pairing

**Printer Powered USB Device Charging (5V-1Amp)**

## Auto Decurl Feature

No more curled receipts falling off the counter. Star's new "decurl" feature literally flattens the receipt before delivery.

## STAR CLOUD SERVICES

The new TSP143III WLAN works happily with Star's new Digital Receipting service AllReceipts. The printer immediately sends an image of the printed receipt to the Cloud for anonymous retrieval by the customer - no need for phone number or email address. Retailers will now be able to receive instant feedback on customer satisfaction as well as provide promotional material on their customer's smartphone. The customer, in turn, will have an exciting new mobile App to manage their receipts digitally by date, type or retailer with backup & print facility.

## TSP143III WLAN Specifications

<b>Print Method / Resolution</b>	Direct Thermal / 203 dpi
<b>Print Speed</b>	250 mm/second
<b>Paper Width</b>	80 mm (58 mm using paper guide)
<b>Print Width</b>	72 mm (80 mm wide) 51 mm (58 mm wide)
<b>Paper Thickness</b>	0.053 – 0.085 mm
<b>Paper Roll Diameter</b>	up to 83 mm
<b>Auto Cutter</b>	Partial cut with Guillotine (Cutter life 2 million cuts)
<b>Print on Disconnection</b>	Real Time Network Status Print Message
<b>Power Supply</b>	Internal - cables included Energy Star Certified
