

Open Code Receiver Box Guide

SPECIFICATION:

Power Supply	12V - 24V DC
Quiescent Current	≤12mA
Operating temperature	-40°C ~ +80°C
Receiving Sensitivity	≥-105dBm
Frequency	433MHz
Current	≤10A
Receiving Channels	30pcs
Dimension	62L x 58W x 30.3H mm
Compatible code	Fixed code (2262、2260、2264、5326、M1E、M5E、HT12E) Learning code (1527、2240、6P20B、6P20D) Rolling code (HCS301、HCS300、HCS200、HCS201、HCS100、HCS101)

WIRING:

- ① LED light
- ② Learn Button
- ③ Voltage :
 - 12V: with Jumper
 - 24V: without Jumper

④ Connection points:

1	Normally Open contact
2	Common contact
3	Normally closed contact
4	VCC
5	Ground
