

EasyGate Double Swing Gate - Chateau Arched Top

Prices include GST, based on black colour. Aluminium Construction 50 x 50 mm frame with 100 x 50 bottom rail. Round Pickets with 80 mm gap. Add 15% for sloping bottom rail to match your driveway.

*Includes extra horizontal rail.

EasyGate has set the industry benchmark delivering reliability, safety, security and value. We offer a range of automation to complement our gates allowing the home handyman large savings on self installation.

From our Tauranga factory EasyGate manufactures a range of fence panels and gates in aluminium, finished with "oven baked" powder coating. Aluminium gates are strong, lightweight and durable for a lasting "rust free" solution suitable for both domestic and commercial applications.

The EasyGate Chateau double arched gate is designed for a more traditional look. The larger than normal 50 x 50 mm frame with smooth 40 x 40mm arches and bold 100 x 50mm bottom rail add strength to this popular design. You can choose between a high or lower centre or a single sweeping arch from post to post as the price is all the same.

All gates are sold with adjustable hinges with nylon wear bushes that are simple to fit and align for that professional finish. The dimensions listed are between your gate posts including the hinges. The height is the actual finished gate height when hung with a 40 mm gap under the gate. Posts are not included in the gate price but available as an option in aluminium complete with stainless hinge bolts and a cap.

EasyGate DIY automation packages are available from \$899 (single)/\$1099 (double). The motors gain their energy from a DIY Plug & Go transformer (charger). Using low cost garden lighting cable you can easily plug it into any power point at your nearest power supply up to 100m away. There is no need to lay expensive 240v cables. The backup battery will assist in keeping your gate operational even during power outage.

Delivery can be arranged nationwide. Please ask for a quote. Optional: Upgrade to rising hinges \$208, Drop Bolt \$15, Phone 2 Open \$249, Safety Beam \$65, Remote \$39, Keypad \$99-\$189, Shroud \$35.

| Approx lower point of arch | 1.0m high | 1.2m high | 1.3m high | 1.4m high | 1.5m high* | 1.6m high* | 1.7m high* | 1.8m high* |
