- f. Meeting at Makwasha church

Achievements

Big Sunday at Oreti church

We had an amazing big Sunday at Oreti churches of Christ. All went well over there, the attendance was good both adults and children's ministry. We have a good time with the ministry. On this day we find a representative to every church to present everything that we learned last year. We saw that children learned a lot. All went well over there, all thanks to the Almighty God.

Church service at Wedza church of Christ

It was an amazing service with children's ministry and their teacher. As the topic of the birth of Jesus. Children enjoyed a lot. We gave the chance to create some short songs which talk about the birth of Jesus. It was my pleasure to be there, we had a lot of songs which make a lesson so that children will understand what we have learned.

Children's party at Ndinaneni

We managed to have a party on 15 February 2025. The party went according to plan, children enjoyed a lot and learned a lot. We had some competitions in singing, dancing to gospels songs, dramas and quiz. All churches were represented. The party went well and children are gaining

confidence and knowledge about talking the word of God and knowledge about the work of God and knowing the work of God through this ministry.

Church service at Zvegona church of Christ.

I had a church service with children's ministry at Zvegona church of Christ. It was a blessed service where we were continuing the story of Jesus. Children's were shocked about the story because they did not know that Jesus has history like us, they just know that he has his mother and father only. After hearing this, they knew that Jesus grew up as us and he has uncles as us and grandmothers all thanks to God who makes children to understand the story of Jesus.

Church services at Oreti church of Christ

I managed to gather with children and their teachers at Oreti church of Christ. And that when we finished the topic of birth of Jesus. All went well over there, children learned a lot on this topic and knew many things from it. It was my pleasure to be there.

Meeting

We had a workshop at Makwasha church of Christ where we learn how to make lesson. We had 5 columns, which are Date, topic content, objective scriptures, materials, methods and activities and evaluation. We had 3 lessons which are lesson plan and teaching methods, how best a teacher can work together with the whole church and ministry strategy. All went well.

Challenges

Transport to circulate around the churches and the bibles for every child.

Conclusion

As we go further, we see big churches which are rising to the ministry through this type of learning, they help children to be connected to God.
