WORKSHOP

I attended a workshop at Makwasha church. This was an initiative to teach Sunday school teachers on how they can teach children on the word of God. The theme of the workshop was about children as the foundation of God's church. We learnt several things according to the ministry on how to prepare a lesson also how to teach them. It was a good time for learning and practise. Teachers showed some interest on this initiative as well as leaders of the church. This would help children in the community as children are the leaders of tomorrow.

CHURCH SERVICES

The first service was at Muuyu church. There were many children who attended the service then one of them preached the gospel according Mathew 1-2 with the heading about birth of Jesus. The service was powerful. The second Sunday service was at Weleza church. There were more than fifty children. They did different activities some were doing quiz competition, ball games and poems. Everything well. The thirty church service I attended was held at Chirere church of Christ. It was a fantastic Sunday because there were many children compared to other Sundays.
