I read and preach the word and I also called the children . I also asked the children to take their bible and I found that there was no a bible so I promised them to buy a bible. And the problem is children does not hear or read the shona bible so it was difficult to teach them.

I also visited at Mrs Mpfu homestead and here she is a teacher and was not feeling well. She was about three month in the hospital and she was taken by her children. I went there for praising the Lord of giving her back her fitness. I first sing the worshipping song and we pray together.
