**INTRODUCTION**

I would like to thank God for giving me power to work as a volunteer under children's ministry. I also like to thank him for his grace on working with children.

**VISITATION**

During this month of January I visited Dwaleni. There I was encouraging parents of letting the children to come to church. I also teach them about the baptism of Jesus and it was in scripture of book of Mark

I also visited Tokhozani church. Here I was teaching about choosing another teacher because the other one was not feeling well so she was not able to continue work as a teacher. Sometime she spent the whole day sleeping not feeling well.

I visited Mhondongori church where I was encouraging teachers not to come late to church service and I told them of using the syllabus of the children they should follow the service of children's ministry. I taught them about the temptation of Jesus.

I also visited Mtishanga church where I was encouraging parents of supporting their teachers. I explained to them the importance of teachers in the church. Other teachers have no money to go to their work places because this is very important for them to gain experience.

**CHALLENGES**

I am facing challenges of Christians who do not support their teachers. I also face the challenge of thinking that they are not their chance to support their teachers. Other teachers do not have money and also transport is very scarce.

**MISSION**

My mission is to have big support of the teachers. This will help the ministry to be strong. Supporting of teachers in their church level is the major big support. May God Bless our Ministry.
