CHURCH VISIT

During this month I visited at Thokozani church. Here they are children who does not go to church. They were two teachers and they started their service and I encouraged not to lead the service. They should be able to preside their service. I found that they are able to read the bible and to preach.

HOME VISIT

I visited at Mrs Dube in Virginia Village at Matabeleland. She is a widow. She is staying with her nephew. I visited at her homestead because I want to tell her about graduation day. She must be prepared for the day.

BIG SUNDAY

This Big Sunday I was very happy. It was my first day and for the whole circuit it was also our first day to reach the area. It was a new church. There was also crême Sunday school. There I found twenty-two children an because of rainfall others were absent because of their parents' field. Here we enjoyed the day and I choose some new teachers. I only got two teachers. They are many activities that should be done there for example like baptism, graduation and also some t-shirts to be bought.

I also encouraged parents of our budget for Christmas party and graduation. We divide the budget in churches. So now I have five churches in our circuit. I also thank my pastor for supporting our ministry.

CHURCH SERVICE

I also went at Mhondongori Church. Here they are only older people so they did not like to take children away from there. We only give some duties other Sunday they are Sunday school leading the service using their programme. So they are now able to read and sing or to preach the word of God.

CHURCH MEETING

This month I visited at Gweru at Winsorpark Church. Here there was a workshop and we choose the new committee in national level. We meet in regions so were only four regions. It was very important because in their regions were not interest in children's ministry. So first learn how important or what is it the ministry and how is it important as our future church. We learn that in ministry we teach, we nature and we grade. We also direct and we should have syllabus.

MISSION

My mission is to have a strong ministry. To have good teachers who work under the law of God. To be a good teacher who follow and listen the commandments of God. To have a well disciplined ministry specially girls not lose their education. To work hard at the age of twelve to sixteen years especially girls. To allow holy spirit to lead us. Thank you.

Church visits

During this month I visited Mhondongori church. Here there were many children ranging between 9-12 years so there are a few under the age of 9 years. They started to sing and they prayed the Lord's prayer. We taught each other and after the service I encouraged them to pay their trip fees to Bulawayo Museum and Chipangali. Here many children went to Chipangali at their school so their parents refused to pay their fees.

I also visited Mtishanga church. Here they were leading the service because others are not able to read their bible so they asked to lead the service. On the time of announcement, I encouraged parents of the journey to Chipangali. They promised to pay and they were very happy on supporting the Ministry.

Home visit

I also visited Masina homestead. Here there was a granny who was not feeling well. I visited because she supported our ministry all the time. So I went there and had a prayer. She is a widow.

I also visited Mrs Mamvura homestead. Here she is also a widow. She stays with her nephews. She was very happy and her nephews refused to come to church living her alone so I went there.
