Area of giving needs attention and I hope to see progress because we are having meetings.

With the leadership on Church administration and the teachings are being accepted but implementation is not yet done. So I am encouraging leaders to demonstrate first

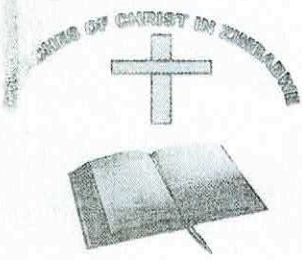

SECTION 7. CONCLUSION:

God is ministering with us and I always pray for the leadership because most of them were just put in positions but not according to the qualifications in the Bible. Now they are having a spirit of wanting to learn. So I hope with passage of time the situation will improve

Comment: TSIKISAI circuit is growing. I am witnessing positive changes in terms of membership increment at Sombiza. Youth is rising. The month of February was having much rains that could not allow people to go to church smoothly, especially at Sombiza it not easy for us to gather under the tree so but what we did was to encourage each other through our phones virtually. More ^{new} people ^{are} discouraged to come to church especially this time of the year. We are well connected with our communities to make an impact on them in the near future. We are having a positive hope in this ministry, entrust to us.

SECTION 6: OTHER ADDITIONAL INFORMATION

Ground work for sporting activities is underway, our youth are rising and I want to close the backdoor. I wish the CC would catch the vision and find ways to invest something in them. To my side, I wish if I could get support on "Bhora ne Bhabheri" Football and Bible. If I can be sponsored by bibles I can do more with the youth, within our district and to other places. I do draw attention to...

On church stand rates as Tsikiso's rate period \$ 23 for the whole year and through much consultation taking place here in the process of gathering information such that we get little back for us to be well secured today and in the future.

SECTION 7. CONCLUSION:

We are serving well and the ministry is going on well though we are facing challenges, river flooding being raised while visiting or going to church or coming from church. I always endure because such is the ministry for our good God.
