

MAFA T: REPORT FOR FEBRUARY 2024

INTRODUCTION

The month of February was a very good month with a lot of things to praise the Lord for Shephard's recovering was a great testimony to many, we are witnessing God's hand and love. Peter is doing well and enjoying his school activities.

SUNDAY SERVICES

At Marovanidze church they are having more and more children joining them each Sunday. However we are praying for more teachers to join the ministry. One of our teachers Martha has relocated to Masvingo.

At Ramofu church I am realizing the number is decreasing. As a result we are planning a Children's ministry, Big Sunday at Ramofu as a way of motivating them. At this big Sunday we are going to have some music competitions and the winners will be given some small gifts. Also we are going to have some different activities, like ball games and other indoor games.

I also attended my service at Chamini church and the attendance was good, I was impressed with the involvement of the leaders at this church in support of children. I had a chance to give a lesson about baptism since we are having many of our children who needs to be baptized at Chamini. We had a Sunday service at Makwasha where we had a children ministry teacher's District workshop and I am glad many of my teachers managed to attend their education workshop. We also attended the District Leadership workshop at Sibozha, my fellow teachers from my circuit also attended in their numbers.

VISITATIONS

I did my home visitations at Ramofu with one of our teachers Mrs Gangarabwe. We managed to visit about six families (just praying with them and sharing some few words of encouragement). At Sasula we visited Tatenda one of our children who had lost her grandmother.

PRAYER REQUEST

Pray for our ministry

Pray for my family

MAFA T REPORT FOR THE MONTH OF JANUARY 2024 SASULA CIRCUIT

INTRODUCTION

It is quite an honor writing this end of month report intrigued by the grace of our Lord Jesus Christ. Hope you are all well. I want to thank the Lord; Shepherd is recovering from an accident. We are all doing well and grateful for the gift of life.

Ministerial activities

I want to thank the Lord for seeing us through. I managed to attend my services within my circuit, Marovanidze and BHC church. Mainly I attended my services at BHC church because being not far from home since I was taking care of Shepherd. At BHC, the 2024 attendance was great and I want to thank the Lord one of our services was added with 2 more new converts. I engaged the children in writing a small test as to see the children's knowledge on what they have learnt on what we have covered on our previous syllabus. The children's teachers also engaged the children in role-play, mimicking different characters bad and good. It was a great experience to the children as they learnt good morals. At Marovanidze church, it was a big Sunday service were all the children from different churches came in great numbers. In their respective groups the children's teachers did some music, dance and poem rehearsals. I was glad the children performed really well to the congregation. I was also happy to see one of former children Gift, from Welezi circuit excelling in God's work, he was helping his peers.

Meeting

We had several meetings, preparing our programs for the year. At Marovanidze we had a new teacher joining us. We also managed to gather some foodstuffs for our district teacher's workshop, which is to be held at Makwasha church from the 9th - 11th of February 2024. We are grateful, the churches were encouraged to provide transport fairs to our teachers, which I am anticipating better attendance from my circuit.

Prayer requests

- Pray for my family
- Pray for our churches
