

Report for 25 November 2025

Musvuugwa circuit Chivi

Teacher: Majoni U

Introduction

I am pleased to submit my report for the month of November 2024, highlighting the activities, achievements and challenges faced by the Musvuugwa circuit.

- ↳ Lesson plan summary
- ↳ Activities
- ↳ Meetings
- ↳ Prayer requests
- ↳ Challenges
- ↳ Mission
- ↳ Next month's plan

Lesson plan

During the month of November, I covered the topic of loving each other and the Good Samaritan. The children gained a deeper understanding of the lesson, learning to love one another, as they love themselves. They also understood the importance of being a good Samaritan and that anyone, regardless of their background can be filled with the Holy spirit and make a positive impact.

Activities

We engaged in various activities, including playing netball and soccer during the weekends. These activities helped keep the children fit and showcased their talents. We also participated in a competition at the circuit level.

Meeting

We had a meeting at Makwasha, where we discussed the 2025 events and new calendar, we also talked about the Trip that was supposed to be to take place in November but unfortunately it didn't happen due to economic constraints.

Prayer requests

I received prayer request from three children who are suffering from headaches and fever. We pray for their quick recovery in Jesus name.

Challenges

We faced several challenges this month. Firstly, we failed to meet our target for the trip to Matopos and Chipangali due to economic constraints. Secondly some children were absent as they were helping with farm work.

Next month's plan

In December we plan to hold a graduation ceremony, a Christmas party and plan for 2025. We also aim to correct the failed events and come up with better results.

Mission

Our mission is to build and create long lasting future generations for tomorrow.

Jeremiah 32: 40

REPORT FOR 25 OCTOBER 2024
MUSVUUGWA CIRCUIT CHIVI (U. MAJONI) MUCHECHE

Introduction

It's my greatest pleasure to greet you all and I hope you are doing good. Here I am okay and the Ministry is functioning very well.

- Memorial service
- Meeting
- Services
- Visit local
- Big Sunday

We had a small meeting at Makwasha at the end of September. It was about the brief of the conference and the arrangement of the upcoming trip. We discussed more on that day and it went well everyone was happy about the arrangement of the trip. We decided to have a receipt book for clarity so that parents and us will have the evidence of those who didn't pay. At the meeting we came up with the figure that is going to be paid by every member for those who are going to attend the trip. Everything was put in order including food and stuff. For transport we are ready and transport organisers are in action for the transportation of children.

Services

During the month we had several services and it went well. According to my circuit and other circumstances: I managed to attend only 2 services and it was well. I had my 1st service at Musvuugwa. Children came in large numbers. The other week I was at Takavarasha and I was happy to meet different children there from different churches. We had joined our Sunday school team with other churches surrounding Takavarasha. It's a blessing to be joined by other churches. They are willing to copy what we are doing. They are admiring us. At Takavarasha we are aiming higher because of the children from other churches. They love to be part of us all the time.

Local visit

I visited my other children Pamela Zinyemba she was not feeling well for the past 2 months. She had a severe headache. Now she is fine though sometimes she suffers with the pain. I managed to pay (4) four visits during this month. She was happy and now she is able to come to church playing with others.

Memorial service

On the 26th of September we had a memorial service at Mr Shumba homestead at Muturu village. We were in the condolence of Mrs Shumba our mother. The word was from the book of Revelations. We had a good time with the family.

Big Sunday

We had our Big Sunday on the 27th of September at Masinire. We were happy too. Our mother Mrs Nyoni have been blessed with a baby boy. She was there with the baby. We had a good time there and we were very happy.

Mission

Our mission as Sunday school we are willing to groom and come up with better teachers preachers for tomorrow.

Also to build and create stronger lasting future generations

To create structures at both churches
