We start by appreciating you our partners ~~for~~ your Comments: unwavering support. Despite the harsh economic conditions in Zimbabwe and the world, you still support us. The Month of March has been a blessing, as at Mureezi we were calling it - The month of revival. We have been doing revival Sundays. Our members have been facing difficult and were not actively participating in our programs and regularly coming to church. It has been an impactful week as we have seen growth numerically and spiritually because of the revivals we were conducting. Mureezi is growing and because am giving special attention in shaping our members to be Christ-like and servanthood. Our members are new to the Church philosophy but we are seeing growth in almost everyone of our members because of the trainings we are offering them. We thank God we began the month with training of leaders at Sibozwa where I read circuit met and get equipped. Our members and I

by the lessons. We ^{are} finishing the month experiencing
change and growth since after the workshop. Despite the
testimony of growth at Murerezi, we have ^{an unfortunate member} one member
who lost a baby after birth and few who are not feeling
well. We are partnering with them in prayers and
home visiting.

The month of February began with sadness as my
Comments: father who has been battling with kidney failure
passed on. However God has been working in us as a
church. We have seen growth numerically and grow
spiritually. My priest this year is teaching, Murezi
is a good priest and training is a necessity.
We managed to do our preachers training for our 24 teachers
and I tell you it has been impactful. As always
as a church we value giving comfort and prayers
to those who lost their loved ones, visitations and
follow ups has now become every members hobby.
Despite the rains this year we managed to do a
very impactful and powerful big Sunday and our
new two churches were present, there was a
numerical growth.
