## MPALAWANI CIRCUIT : CHILDREN'S MINISTRY

### JUNE'S REPORT

#### INTRODUCTION

This report covers the period of June 2024.

#### ACTIVITIES

##### KEY POINTS

- ❖ Introduction
- ❖ Visits to Doserty, Gwamanyanga and Mpalawani
- ❖ Church Services
- ❖ Challenges
- ❖ Conclusion

##### INTRODUCTION

This report covers the period of June 2024.

##### ACTIVITIES

Visit to Dorset

We managed to go Dorset together with Pastor Kapesa for home visitations. We managed to visit three families and we had good time there as we discussed and share many things about children. We managed to come up with what we can say better levels to help our children to be able to separate themselves with those who drink beers and those who favor drugs.

We got an opportunity as well to attend Sunday service there. Attendance was good and also pupils performance was good and we were joined by members from Sunrise Church Of Christ. I took that Sunday service as an advantage to me to encourage parents to pay for their kids to go to their upcoming conference on August.

##### GWAMANYANGA

We had our women's conference at Gwamanyanga of Zvishavane District and we were enjoyed it. Attendance was fair and also pupils performance was much interesting.

##### PALAWANI

We had home visitations in Mpalawani where we met with more than five families. We got an opportunity to meet with women of our circuit at Mpalawani when they came for music preparation at least twice per week. I took that time as a best time for

encouragement and persuading them to pay for their kids to go to Bulawayo for their conference.

In our circuit, we are looking for to had our Sunday school day and also our graduation to come. We need your prayers also to be able to make it. We had church service at Mpalawani, and participation was good.

### CHALLENGES

However, on a sad note, we lost 2 of our fellow pastors namely Pastor Chitana and Pastor Thandara as a result because of that, I failed to go to Lower Gwama for home visitations and also to church service moreso, because of preperations we had on women's conference, we failed to go to Sementation for home visitations.

### CONCLUSION

As I <sup>wrap</sup> ~~rape~~ up, I would like to appreciate you for the support you gave to us always both financially and also your prayers. May God bless you and your family. May you keep on praying for us always to be able to stand firm on what God called us for.

# Children's Ministry

2024: May's Report

Mpalawani Circuit

Key Points

Introduction

Meeting Makwasha

Visits Kashambe, Dorset, Lower Gwama & Mpalawani

Church services

Challenges

Conclusion

## **Introduction.**

I'm working under Mpalawani Circuit. We are working with 6 Churches, together with Pastor N Kapesa. This report covers the period of May 2024.

## **Meeting at Makwasha.**

We had our meeting at district level a Makwasha as we reviewed our working programme and also planning for our upcoming conference and trip. We are going to have our conference on August. In addition, we managed to look on our budget of the conference and also divided it to our circuit. We shared also on each other strengths and challenge we met in our circuit as we encouraged each other on how we overcome some of those challenges.

## **Kashambe.**

We accompanied with the Church of Kashambe, to have a home visit to one of our Church member who lost her mother. We managed to comfort her with the word of God and prayers. I took that occasion as an advantage of encouraging them to bring their children to the church and also letting them know our upcoming events.

However we had our Church service at Kashambe, attendance was fair and also Children's performance was good. I managed to teach middle group and also I got an opportunity to listen to my working colleagues as they teach other group. They presented it in a good way.

After Church service I managed to have a meeting with those teachers as I helped them to be able to fix some of the things, they missed out on their teachings. I got an opportunity to request our budget of the conference to the congregation.

#### **Dorset.**

We had a time to go to Dorset to see our Church members together with my family. We planned to have a complained Church service with Sunrise Church of Christ and also we going with them our budget of the up coming Conference. I believe that they are going to respond positively. And also I encouraged them to bring their children to Church every Sunday service.

#### **Lower Gwama.**

We had our home visitations at Lower Gwama, where we visited five families. On every family we managed to encourage them to have something to share almost every day with their kids about Jesus and also giving them a task to do it on there on.

We had also Church service which we attended there, attendance was good and also pupil's presentation was better. And also I managed to share with them our budget of the Conference.

#### **Mpalawani.**

We had Church service at Mpalawani our home church the attendance was good and also Children's performance was fine. I got an opportunity to set under my working colleagues as they teach as a way of observing them. I just want to thank God for allowing them to grow on how they teach, it shows that we're moving from one step to another. It brings us a light that we're going to achieve what we want to achieve. After there presentations I just add to them some of the things they left out on their teaching staff. I gave a room to them to ask some of the things they need to be taught.

#### **Challenges.**

On a sad note we lost one of our Child's mother at Kashambe as a results we failed to go to Gwamanyanga.

#### **Conclusion.**

As I rape up, I would like to thank you for for supporting us, may God bless you. May you pray for our nation also and also for our up coming conference and trip.
