

Children's Ministry: Mpalawani Circuit

Introduction

This report is going to cover the period of whole month of October.

Activities:

- Meeting at Mpalawani
- Visiting to Gwamanyanga
- Combined Sunday Service at Mpalawani
- Visit to Murezi
- Visitors at Mpalawani
- Challenges
- Conclusion

Meeting at Mpalawani.

We had our circuit meeting at Mpalawani, where we manage to share with the circuit committee both with my teachers, program of our upcoming events Graduation and Christmas party on the month of December.

We requested date to them and also venue for the events. We had also another meeting with teachers at circuit level as we come up with the program of the day and also budget to church levels. As a result, we are busy now working for the event.

Visit to Gwamanyanga

Gwama is one of my churches seems to reduce in number on side of our Ministry. So that I make sure that, every month I had some visits there, to both children and parents as a way of evangelism and to also try to find reasons which resulted to decrease in their numbers.

More so, distance which is between where I stayed and Gwama is too long, so I would not managed to go there everyday but, I make sure that every month I had a journey there.

Visitors at Mpalawani

We were blessed to had visitors at our circuit, Mr Chris and his team. We had good time with them. We received materials to work with from them, may God continue to bless them. We also met with Tracy one of the ladies from that group who had children at heart. We managed to share a little bit with her about the Ministry. She blessed us.

Visit to Murezi

We had time to visit to Murezi, both with our visitors Mr Chris and his team. We had good time there, we got also an opportunity with Tracy and my other colleagues to teach children there. Children came in their numbers and also their performance was not bad.

In addition, there is the need of training workshop of teachers there, we are looking forward to organize it, so left circuit may not left behind.

Combined Sunday Service at Mpalawani

We were blessed to had our big Sunday at Mpalawani, attendance was good and also our pupil's performance was good.

Teachers came in their numbers, after church service, we managed to share with the congregation program and plans we had about our up coming events. They promised to work hand on hand with us for the event to pass through.

Challenges

We had some of churches in my circuit, I am still struggling to find teachers who were able to commit themselves to work with our ministry may you continue to pray for us.

Conclusion

As I rape up, I would continue to thank you for supporting us always.

MPALAWANI CIRCUIT : CHILDREN'S MINISTRY

SEPTEMBER'S REPORT

INTRODUCTION

This report is going to cover the period of whole month of September.

ACTIVITIES

KEY POINTS

- ❖ Meeting Gweru
- ❖ Annual Conference Sibozha
- ❖ Home visits Gwamanyanga, Dosert, Mpalawani
- ❖ Church Services
- ❖ Challenges
- ❖ Conclusion

MEETING AT GWERU

We had our evaluation meeting of the previous conference of ACCCM at Gweru and we managed also to plan for our upcoming trip of 1st week of November. We managed to come up with the budget for the trip. From our evaluation of the conference, what interested us much is our children's attendance for the first time which was 1000 plus without number of teachers. Thanks for supporting the vision, May God Bless You.

In addition pupils presentations were excellent and also part played by our teachers was good. All regions were represented on the meeting.

ANNUAL CONFERENCE SIBOZA

We had our annual conference at Sibozha where we managed to present some of our activities to our parents at District level. We also take that that occasion as an advantage to meet with teachers as we arrange and discuss for our trip to come. We also encouraged each other to be in position also way of doing our duties.

HOME VISITS

We had home visits to Dosert together with Pastor Kapesa. We managed to visit all families of our church members who were there. We also encouraged parents to pay for their kids always at home disadvantages of drugs and benefits they get from loving God's ways.

We also take time to make home visitation to Mpalawani. We are building at Mpalawani

result, so of our kids were helping parents by fetching water to build also helping them to mould bricks.

CHURCH SERVICES

We had Church services at Mpalawani, attendance was good and also children performance was fair. We also had our combined church services at Dosert pupils attendance was good and also their presentation were good. Moreso, at circuit level, we are looking forward to had our graduation and also Christmas part, so because of that, we are already staring our preparation.

CHALLENGES

We are supposed to go to Sementation for church service, but because of bad weather, we failed to go there.

CONCLUSION

In conclusion, I would continue to thank you for the support you had offering to us, God Bless You.
