I began my year by attending an all-night prayer at Brookland's. The prayer was powerful. We were praying to our lord to take care for our children and our churches the coming year. In the morning children had time to give their testimonies and their prayer requests. I hope the lord will respond to their requests.

I attended a big Sunday service at Rupemba Church. The attendance was good. We had our normal service. After the service we prayed for our circuit for the lord to guide us as a circuit. We also had time to pray for our children since they were going back to school.

I attended a church service at Chomubhobho. The attendance was good. I taught the kids the duties of the holy spirit that is guiding and taking care of them. They felt confident that they have holy spirit to take care of them. I had time to talk with the parents about our workshop to take place at Makwasha church the parents promised to raise the budget.

**Rupemba Circuit
Children's Ministry
December report
Date 28 December 2024**

Introduction

To commence with I would like to thank the almighty for being with us the whole year of 2024. I give enough respect to the saints of Rupemba and our resident Pastor T. Magama for helping us to fulfil our programs, may our Lord continue to give them the heart of supporting our Ministry.

Below are some of the events I managed to do this year

- ❖ Easter
- ❖ Children's day
- ❖ Conference
- ❖ Christmas party
- ❖ Baptism

Easter

On another event we had our Easter conference at Musvuugwa Circuit. Children were so happy to mix with other children from other circuits. They even learnt a lot about the death and resurrection of our saviour Jesus Christ. We also had our children's day at our circuit. Children came together as a circuit at our central church. On this day children acted drama based on drug abuse. This showed that they now know the effect of drugs on their lives. They also had time to preach to the elders and they were impressed.

On another issue we had seven children baptised. After some lessons from our Pastor they gave their lives to Christ and they were baptised.

Yard cleaning

This year we as a circuit we managed to implement the program of cleaning our church yard. We are now keeping our yard clean and that made us able to meet as a circuit during these days.

Conference

This year we managed to fulfil several of our programs. Among the programs we managed to take children to Bulawayo for children's conference. Children were so

happy to meet with others from Gweru, Kwekwe and Bulawayo. They learn a lot from speeches, lesson, drama and sport performed at the conference. This was a memorable event to our children.

Christmas party

We also managed to have our Christmas party at our circuit. The party at our circuit. The party preparations were done by teachers. We also had visitors at the part. Children had nice songs and drama about the of Christ. Among other people visitors were so happy by the children's performance. We also had time of sharing. Children were excited when they were sharing their gifts with their friends in Christs.

Challenges

However, we failed as District to fulfil the trip. The trip was postponed to another date. We hope we are not going to have some obstacles on our next plans for the trip.

Visits

I managed to visit several saints in my circuit. In some cases, I visit them to pray for their health. I also visited parents of my class to discuss issues concerning the welfare of their kids. That made good relationship between me, the children and the parents

Prayer requests

God be with us as we start our new year and our programmes

Conclusion

I conclude by giving thanks to my sponsors and everyone who made work possible during the year 2024. May my good Lord bless them for me.
