

RUPEMBA CIRCUIT  
CHILDREN'S MINISTRY  
FEBRUARY REPORT

DATE 26 - 03 - 25

## INTRODUCTION

Greetings to you my brethren in Christ from my family and the saints of Rupemba. I hope this report will find you in good health. Below are some of the duties i managed to perform this month.

- LEADER'S WORKSHOP
- PREACHER'S LESSONS
- CHURCH SERVICES
- CIRCUIT MEETING
- VISITS

## LEADER'S WORKSHOP

I attended leader's workshop at Sibozha Church. The workshop had a theme that says *WHEN GOD BUILT HIS CHURCH*. We had several lessons from different pastors. The lessons were mainly focusing on points seen when God builds his church that include the presence of God in his people, spiritual growth among his people, peace and unity among his people, raising up leaders who are able to teach in church and out and leaders who brings transformation both in church and in the community. The lessons were so powerful to me as a leader in my ministry. After the lessons, we had some time to go into our groups for discussions. We were discussing our duties in the church for us to have enough knowledge of our duties in church. We also have time to discuss about our children, their way forward in church. We came out having the point that we should have another group after children's ministry for the children to have good teaching and enough guidance. We hope the elders will consider our thoughts.

## PREACHER'S LESSONS

I also attended some preacher's lessons from pastor Mavodza. We were taught introduction to the bible. That gives us knowledge about the bible. We were also taught that the aims of the lessons

were to produce preachers who are fit for the pulpit, preacher who can plan and deliver a logical sermon and should be able to interpret the scriptures well. As a teacher in my ministry, i found out that these lessons were of paramount importance because i learnt how to plan a good lesson for my lesson, i learnt to interpret the scriptures to the kids and also learnt how to fit to be in front of them delivering the lesson.

## **CHURCH SERVICES**

I attended a church service at Sibozza Church. This service was held Sunday after the leader's workshop. Since we were swimming in the spirit of good powerful lessons we had heard from our leaders the word which was preached on that service became an icing on the cake. I was also very happy to hear the DCC secretary telling the church about our children's ministry trip to be held in May that means all leaders from circuits got the information. I also attended a church service at Rupemba Church. The service was well attended. I had time to tell the church about the children's trip and the preparations for our Easter conference. Children were very happy to hear about the Easter conference and ready to go for the preparations. On another event, i went to Brooklyn church. The attendance was good. We had our normal lesson with the kids. We later had a talk with the teachers for the preparation for the Easter conference which they said they were ready.

## **CIRCUIT MEETING**

I attended a circuit meeting which was held at Rupemba Church. The meeting was meant to talk about the budget for the Easter conference. The leaders came out with good ideas on how they will bring about the budget. I was happy that they considered the kids on their budget.

## **VISITS**

I visited Mufaro at his home he had missed about two Sundays so i went to see his grandmother and to check on him. I also had time to call Sarah on her phone. She had gone to a far away school for secondary education. I had to call her to tell her to continue fearing God and to avoid bad friends at school. I also told her that i will continue to pray for her. I hope we will meet at this Easter holiday.

## **PRAYER REQUESTS**

- An accident free Easter holiday
- Lord hold our kids so that they can abstain from drug abuse.

## CONCLUSION

I would like to give thanks to my sponsors for making my work possible,especially my movements in and out of my circuit. May God continue to bless them for me.

RUPEMBA CIRCUIT  
CHILDREN'S MINISTRY  
FEBRUARY REPORT  
DATE 27-02-25

INTRODUCTION

I begin by giving honor to the almighty for giving us the gift of life. I hope this report will find you well. Below are some of the duties i managed to perform this month.

BIG SUNDAY

CHURCH SERVICES

WORKSHOP

VISITS

BIG SUNDAY

I attended a Big Sunday service at Rupemba church. There was a good attendance at the service. We had a normal service with the children and the teachers. We later had the opportunity to meet with the elders to discuss about the workshop that was on our way. Thank lord that they managed to give us money for our circuit registration and our journey.

CHURCH SERVICES

I attended a church service at Brooklands church. Due to the heavy downpours of rain not all of my kids managed to attend the service. However, we managed to give our report back from the workshop to the church. I also attended another church service at Rupemba church. It was difficult for me to attend other churches due to the flooded Ngezi river. The service was well attended. Since we were given our new syllabus for the year, the work was good. We studied our bible on the birth of Jesus from Mathew 1 vs 2 and the kids had a lot of questions on this topic. Teachers were ready to answer their questions. I ended giving the kids some homework questions. For kids on the other side of the river, i used the phone to send them the verses to read.

CHILDREN'S MINISTRY WORKSHOP

I attended a workshop at Makwasha church of Christ. The theme of the workshop was Children as the foundation of God's church. The workshop was well attended by several circuits. We learnt a lot on the lesson plan and teaching methods. The lesson helped us as teachers on how to teach the children and how to scheme our lessons. We also had another lesson on how best a teacher can work together with the whole church. This lesson taught us how best we can do our work with elders and other members in the church and even with the children. The lesson even helped us to make our department to grow fast through the support from the church. Through several discussions among the teachers, we came out with good points that will help our children's church. We also had time to discuss about our trip, venue and fare. The workshop was successful and i hope we will work hard throughout the year.

VISITS

I was visited by Shinaid at my place. She wanted to know more about the trip and to have Sunday's program since we share duties at the church. I told her about the trip and i gave her

Sunday duties. On another day i went to Mufaro's home to see his grandmother. I wanted to discuss with her about Mufaro's performance at church .He plays the drum for us at the church, he performs so well. I emphasized her to keep on motivating him to come to church. I also visited Mr Shoko at his home. He was not feeling well. We went there as a church. We prayed for him and we hope God will do his mighty works.

#### PRAYER REQUESTS

- May the Lord be with us in all our programs ahead of us.
- Drug abuse free generation.

#### CONCLUSION

I conclude by giving thanks to my sponsors for making my work possible during my travels and even my communication.May the Lord continue to bless them for me.
