

**RUPEMBA CIRCUIT  
CHILDREN'S MINISTRY  
JUNE REPORT  
DATE 27 JUNE 2024**

Greetings to you my brethren in Christ from my family and the saints of Rupemba. I hope this report will find you well. I thank our heavenly father for taking us this far. Below are some of the duties I managed to perform.

- Church services
- Meeting
- Visits

**Big Sunday service**

I attended a Big Sunday service at Rupemba church. The service was well attended. Kids are geared to go to their conference. We had our normal service since we had received our chapters and song for our conference kids started to do their task. I even give them home. Thanks to the bigger church they promised to help us in singing our competition song. That will help our kids to grasp it fast.

On the other Sunday I went to Chomubhobho. The service was fairly attended due to the long distance not many children managed to attend. However, I managed to work with those who attended. They read the bible so well that shows their parents were being so helpful in their homework. I had some time to talk with their parents for them to finalise the preparations for the children's conference. They even said they were waiting for T-Shirts for their kids I was happy for that.

I also went to Brooklands. The service was fine. Kids there were in a jovial mood. Their participation at our church shows that they are doing their homework. I went on to introduce a drama to their teachers so that they will teach them.

On another event I went to Svita. We went as a church. Emerly was not feeling well and she was in hospital. So strong prayers. We prayed during this service. We thank Lord that Emerly was discharged from the hospital a few days later and she is now in good health.

### Circuit meeting

I attended a circuit meeting at Rupemba. Leaders had their issues at the meeting. I was happy to hear that Children's issues were included at their agenda. During my time I reminded them about our budget for the conference. They promised to look into it.

### Visits

This month has not been good to us since it was so Chilli. Several kids in my group fell sick with flue and terrible headaches even old people were attacked so badly, that made me make several visits in the circuit.

I visited Mr Mugwagwa who is our church councillor. He was suffering from a headache. I prayed for him. I even told him to visit the doctor. On my next move I went to Svita to see Kishnave she was having a headache and dry cough. I prayed for her speed recovery. I even left behind some little money so that they can buy some pain killers.

We even had a mass prayer in church for many of our saints who were not feeling well hope they are going to be well since the virus had attacked several members in church.

### Prayer requests

May our Lord save us from the colds and flue. Be with us in all the preparations for our conference to prosper.

### Conclusion

I conclude by giving thanks to the saints of Rupemba for being supportive. I also thank my sponsors for making my work possible. May God Bless them for me.

**Rupemba circuit  
Children's Ministry  
May Report  
Date: 27 May 2024**

**Introduction**

Greetings to you brethren in Christ I hope this report will find you in good health. Below are some of the duties I managed to perform this month

- Sunday Services
- District meeting
- Circuit meeting
- Home visits

**Sunday Services**

**Big Sunday**

I attended a Big Sunday service at Rupemba church. The service was well attended. We had our normal service. We had our lesson from the book of Genesis 27 and 28. Children learnt the purpose of being obedient to their parents. After two lessons I had time to talk with their parents concerning their Bulawayo conference. I was very happy with their response. On another Sunday I went to Brooklands. The attendance was fine. Since there is no field work children are coming to church in large numbers. We had our lesson which was presented by one of our teachers about Jacob's dreams. I was so happy this Sunday because some children started to pay their transport fees for the conference. I also went to Chomubhobho for another church service. A good number of children attended the service. Children acted a drama about Jacob's dream it was so interesting and it shows they had understood the lesson

**District meeting**

I attended a meeting at Makwasha church. The meeting was meant to make preparations for our conference. The meeting was successful because we made our plans as a group.

**Circuit meeting**

I attended our circuit meeting which was held at Rupemba church. The meeting had its agenda, but I had an opportunity to give my conference budget to the elders and they received it and they promised to work on it.

### **Home visits**

I visited Mufaro who was not feeling well. I prayed for him hope he is going to get well soon. I also visited Mrs Magadure her kids were not coming to church for some time. I am happy they came to church the following Sunday.

### **Prayer requests**

God help us to succeed with our conference preparations.

### **Conclusion**

I conclude by thanking my sponsors for making my work possible. May our Lord bless them for me.
