**VISITS**

**BIG SUNDAY.**

To commence with i attended a Big Sunday service at Brooklands church. The service was well attended by both the young and old. We had our normal service with the children and teachers. Our topic was based on dressing. Children were very happy asking questions on how best they should dress especially in church. I helped them by telling them that they should wear decently. We went on to make preparations for our Christmas party coming soon.

**SUNDAY SERVICE.**

I went to Chomubhobho to attend a service. The was well attended. We had our normal service with the children. I had time to chat with the parents about the preparations for the Christmas party. They received my words with passion.

Meanwhile i also went to Rupemba for another service. The service was well attended by both young and the old. Children at this church are at an advanced stage on preparations of their Christmas party. They have already compiled their songs ,drama and speeches. I am happy about that. I also attended a Sunday service at a funeral service at Gan'a circuit. I attended funeral to console some children in our ministry who had lost their uncle. Shame to them for they had lost their breadwinner. May our lord console their souls.

**YARD CLEANING**

As usual we do our clearance on every Wednesday. After cleaning we met as parents to do meetings on the way forward at our programs. This month we were preparing for our Christmas party. We were doing our budget for the party. We also have time to talk about other issues concerning our circuit.

**HOME VISITS.**

I visited the Magama family in Msipani circuit to attend the funeral of their grandmother. I had some time after the funeral to console them, I also went to Mrs Musvovi's home at home. She is not feeling well. We had time for prayer and we left some gifts for the patient. I had time to visit Mrs Tsvoroma at her home since she cannot walk long distance to church, we visited her as a woman. We had a service and a prayer. We left her in a very happy mood.

**PRAYER REQUEST.**

-May the Lord give us courage and strength to minister his word to the young so that they may be saved.

-Good and enough rains for our nation.

-An accident free during this festive season.

**CONCLUSION.**

I conclude by asking for the grace of the Lord Jesus Christ, the love of God the fellowship of the holy spirit to be with us all this festive season.

**RUPEMBA CIRCUIT  
CHILDREN'S MINISTRY REPORT  
29 OCTOBER 2024**

**Introduction**

Greetings to you my brethren in Christ from the saints of Rupemba and my family. I would like to thank our almighty for taking us this far. Below are some of the duties I managed to perform this month.

- ✦ Big Sunday
- ✦ Sunday Services
- ✦ Yard cleaning
- ✦ Home visits

I attended a Big Sunday service at Rupemba church the service was well attended by both members. We had our normal service with the teachers and the kids. After the service I met with the parents and the teachers reminding them about our trip. They promised to look for the money.

**Church services**

I also attended a church service at Brooklands church. The service was well attended. Kids are so eager to go to their trip. They don't feel like losing the information about their trip. I also remind their parents every moment I met them. In another event I went to Chomubhobho to attend another church service. Since the distance is too long not many children attended this service. However, we had our normal service with the few available. I even had time to talk with them about baptism since some of them are old enough to be baptised. They promised to come for baptism. On another move I went to Svita. I wanted to meet with the parents so that I will discuss about the children's trip. Since it is also a very long distance I met a few number of children. Their children trip. Thanks to Emely our teacher for helping me to motivate parents at this church.

### Yard cleaning

Thanks to the circuit leaders for organising the program of cleaning our church area. Every Wednesday church member meet at church to cut down tree logs and clearing our place. At this time, I took advantage to meet with the parents to talk with them about the needs of their children and how we can help them. I also had time to motivate them about the children's trip. We also had time to discuss about the Christmas party. I really support this clean-up program. It's a big advantage to my work since I will have long time with the parents.

I visited Mrs Rubaya who had called me to come and collect money for her grandson's trip. I really thanked her for biggest support. I also visited Mr Spanera he was not feeling well and thanked the Lord that after the visit Mr Spanera joined others at cleaning program on the week that followed.

### Prayer request

- May the Lord be with us during our Trip
- We want an accident free trip

### Conclusion

I would like to say thumbs up to my sponsors for making my work possible. I can even travel during trips with the children due to their hand. May the Lord bless them for me.
