SUNDAY SERVICE AT HANAWA

We did a prayer after we read our word from Matthew 7 we taught our children to love and stop the blame and language. We taught them to give God chance to judge. This teaching was supported by John 8 vs 7. After that, I asked some questions to the children since they were listening from the beginning. What made me happy most children were answering very well. After we were blessed by the word of GOD.

BIG SUNDAY AT GAN'A EXTENSION

We started with a chorus and after that we had a prayer. Then we received the word of God from Matthew 16 vs 1-8. It was pleasing the children were presenting memory verses and what makes us join our church we were blessed by the word of God that we received that day. Parents and the children were impressed by the word and some of them promised us to be baptized on the following. After that we close with a prayer.

Sunday services

We had a Sunday Service at Hanawa. I was impressed with teachers who gave me a good reception. But the number of children was less compared with what I expected. We received our word of God from Luke 2 vs 45-50. I then ask questions and children were good at answering questions and we sang a closing prayer.

We had a Sunday service extension we had an opening prayer from one of our children. The word of God was read from John 13 vs 1-34. Children were very happy because they normally sing a song using the word from this verse. After the word we asked questions about what we had learnt children proved to have understand the word of God. It was nice to see children wishing to have stay long than we had dismissed.

We had a Sunday service at Gan`a. one child prayed for the Sunday Service and we received the word of God from Mark 1 vs 12-13. On this service I didn`t ask more questions since they were few, children did not come because it was thunderous.

21 December 2024

We had a Christmas Party at Gan`a. It was a blessed one because everyone was pleased by the performance of children acting drama doing memory verses, singing and dancing. The church was held but mainly it was a day for Children to show others what they had. The food was appetizing, Cake and drinks where available.

The day ended well and that's where we did plans for doing Fundraising and other issues which makes our church to go further without facing many challenges.

Conclusion

Everything which was done by our children shows clearly that tomorrow, we will have a strong team of people who know the word of God. Parents and teachers are playing important raw because the number of children attending church services is growing and that wonderful.
