Introduction

Greetings to you my Brethren in Christ I hope this report will find you in good health. Below are some of the duties I performed this month.

Activities

- ❖ Big Sunday
- ❖ Church services
- ❖ Meeting
- ❖ Visit

Big Sunday at Gan'a

All activities which were done on this Sunday were pleasing. The word of God was read from Mathew 6 vs 1-8. Children were also given ground to show their talents in singing and dancing, doing dramas, memory verses and the likes. After that they were also given ground to practice preaching the word. It was wonderful and parents were happy about the performance of their children and was showing that their teachers were doing a lot of work. Everyone was blessed because every activity done was appetising.

Church services

I attended a church service at Venge. The service started and the word of God from Luke 2 vs 45-50. Parents were many and children were few. I was not all that happy about the number of children at Venge, but even they were few they managed to do their activities perfectly and surprisingly the service ends but I told parents to bring all their children to church because a child who knows God obeys his or her parents and can be advised and understand the dos and don'ts without any complications. It was held at Hanawa church of Christ. The opening prayer was done. Parents were ululating when children were showing their talents in dramas, singing and dancing memory verses at this service they were more than those at Venge. The word of God was read from Genesis 27 and 28 vs 1-5. All other general activities of the church service were done.

and it was wonderful, but I also told parents about the importance of bringing their children to church. The church ended by a closing prayer and it was pleasing.

Home visit

I visited Mrs Mushana a member of church. We sing a worshiping song and after that I did a prayer after reading the word of God from Genesis 6 vs 22. That verse was linking to my aim of parents to bring their children to church. I told her about the importance of bringing their children to church. I also did a prayer when I was to leave Mrs Mushana homestead.

Conclusion

This month all activities done by children were pleasing at the following month I am aiming to see more children coming to church than of all the services of this month.

- ✓ Home visit

SUNDAY SERVICES

We had a Sunday service at Hanawa. I was impressed with teachers who gave me a good reception. But the number of children was less as compared with what I expected we received our word from Luke 2 vs 45-50. I then question and children were good at answering questions. We then sang a closing prayer. We had a Sunday service at extension we had an opening prayer from one of our children. The word of God was read from John 13 vs 1 -34 children were very happy because they normally sing a song using the word from this verse. After the word we asked questions about what we had learnt children proved to have understood the word of God. It was nice to see children wishing to have stayed longer than we had dismissed.

We had a Sunday Service at Gan'a. one child prayed for us and we received the word of God from Mark 1 vs 12-13. On this service children had more questions since they were very few, but the day seemed as if there were many children because it was a thunderous service. We sang a closing prayer.

BIG SUNDAY AT EXTENSION

We started with a Chorus and after that we had a prayer. Then we received the word of God from Mathew 6 vs 1-8. It was pleasing the children were presenting memory verses

and dramas. Children were many during that service. What made us glad on that service is that we had three children who joined our church. We were blessed by the word of God that we received that day. Parents and children were impressed by the word and some of them promised us to be baptised in our church. We closed by a prayer.

MEETING

We attended a meeting at Gan'a in preparation for the Bulawayo trip meeting. We held a meeting at Gan'a with all circuit teachers. The meeting was a success though we are not yet sure of the number of children who will go.

HOME VISIT

I visited Mrs Dube a teacher in our children ministry. It was not a Sunday but I found her teaching five (5) children. I was very happy to see that this teacher was serious. Children sang and prayed for me and it was a good day for me. The purpose of the visit was to encourage children to come to church.

CONCLUSION

I give thanks to the Lord because we are now allowed to have church gatherings. This is going to give me more contact with children and their teachers. amen
