### **CHILDREN'S MINISTRY REPORT FOR JANUARY 2025**

#### **INTRODUCTION**

We want to thank God for allowing us to the new year 2025. It is not by our will but by his grace. We started the new year very well with the ministry growing as well. Some children are advancing in their development stages. Those who were in grade one last year, this year they are in grade two. This also means that the church is also growing. In Churches, children are coming to church but because of the rains the attendance is very poor due to some tasks that are associated with this season like safe guarding the fields and cattle herding. Church visits are conducted but sometimes disturbed by the rains. We want to thank God and give glory to his name because the ministry is growing.

#### **CHURCH VISIT**

I was at Langwaani church (Mabvazuva Circuit) on 05/01/25. This was the first Sunday of the new year. Children came to church as usual. The attendance was not that bad. The service was good. A lesson about peer pressure was conducted. The lesson was successful as most children showed their understanding about the content taught by answering some of the asked questions. The children participated very well during the lesson. Choir practice was also done with the aid of the local teachers. We give glory to the Almighty.

#### **PRAYER**

On 8/01/25, the teacher was at Langwaani church for prayer session. This prayer was specifically arranged for children praying for them as they were preparing to go back to school. Most children came to be prayed for. The local pastor helped by praying for the children. Other churches were also encouraged to pray for children as they go back to school. We will continue to pray for them because Satan is hunting them.

On 12/01/25 the teacher did not visit any church because of the local funeral. The Sunday service was distracted this day.

#### **CHURCH VISIT (BUNGOWA)**

On 19/01/25, the teacher visited Gudo Church. Children came but not in large numbers. Only one local teacher was present. The service went well. The lesson on Peer pressure again was conducted. The lesson was a success as children reflect understanding of what was being taught. They also participated very well. Children were given the opportunity to recite their verses and they did it very well. choir practice was done after the lesson. We give glory to the Lord.
