Visiting pastor Chitana

It was a good day to both pastors and the Chitana family. Pastor Chitana is not feeling well. Therefore, was our dream as pastors to visit him, fellowshiping and pray for him? We were nine pastors who managed to visit him. To me as the co-ordinate, this reflected true love with deeds

Children ministry workshop at Makwasha

There was a district workshop of teachers at Makwasha church. the attends was so good we were close to 100 in number. The lessons and the speakers were challenging. There, I distributed district calendars; syllabus and program of events given to teachers. However, on such workshops thus when we give and share the vision of children' church.

Chivi church election

There were church elections at Chivi church. On this day, I talked about committed church leadership. The elections were very successful and there was a complete challenge of leadership. Right now Chivi church is growing. Previously there was no youths at Chivi, but right now we had a number of youths at the church.

Preachers' training programs at Sibozha and Sibozha circuits.

There two events of training preachers from different circuits were very successful. The first group were preachers from new churches of our seven circuits and the last group were preachers from Sibozu circuits. I added two preachers on the Sibozu group to make them thirteen in number.

Leaders' workshop at Sibozu

The district leadership workshop was well attended beyond our expectation. Lessons were well delivered and leadership roles well explained. The scope of the workshop was to develop Christian leaders.

Conclusion

Though I am enjoying my work sometimes, transport of going around in time doing my work will comprise my attended results.

DADAYA CHURCH OF CHRIST
PREACHING INSTRUCTOR AND CHILDREN'S REPORT

INTRODUCTION

The report covers the period from 01 to end of January 2024. I would like to thank for the wonderful Christmas and a new – year holiday. Since January was the begging of the there was a lot of pressure to my work of planning and programming. To me the year 2024 seems to be a bright year.

SECTION 1: Circuit Details

- a) **Name of circuit:** Dadaya Churches of Christ in Zvishavane District.
- b) **Number of churches:** - Zvishavane District
- c) **Children's ministry Departmental Pastor, Co-ordinator And Trainer Of Church Preachers -** M. Watungwa
- d) **Phone** - +263 779367039
- e) **Central circuit** - Sibozha

SECTION 2: ACTIVITIES

- Orientation of children teacher
- Mpalawani church service
- Chivi Church election
- Preachers' training program at Sibozha, Maglass and Sibozha circuits.

Orientation of children teacher

I had a chance to orient my children ministry teachers during time of renewing their contracts. I spell out the vision of children's ministry to our churches. The results that are expected from children's ministry are:

- We want more training workshops of teachers, leaders, communities and the church.
- To see More Children coming to church.
- To see disciplined children who love God.
- To see more children baptised.
- More number of children graduating from children ministry to youth.

Vision of children's ministry seems to become clearer to our teachers.

Mpalawani church service

I attended church service at Mpalawani church two times. There I was assessing the work as the coordinator and as children departmental pastor. Things are now taking shape especially at Mpalawani church the mother of all churches in the circuit.

Chivi church election

There were church elections at Chivi church. On this day, I talked about committed church leadership. The elections were very successful and there was a complete challenge of leadership. Right now Chivi church is growing. Previously there was no youths at Chivi, but right now we had a number of youths at the church.

Preachers' training programs at Sibozha, Maglass, and Sibozha circuits.

There was a program of training preachers early this January at Sibozha church. Normally we started the program on Friday evening until Saturday afternoon. Preachers wrote their first test and performed very well. I am very happy with this class.

Secondly, I had another training program with churches in Maglass circuit. Preachers were from all four churches of the circuit. There were fourteen preachers on that day. However, the number might increase on the next session since there was funeral in the circuit.

Thirdly, the last training was of Sibozha circuit and the number of preachers was ten. In addition, the number might increase since other preachers were disturbed by weather which was raining. The aliveness and activeness of the class gives me assurance of having the right people.

Conclusion

As the begins my prayer is to pray for the year 2024 to be a year of church growth. The entire programs that are laid down to be fulfilled.
