**Recent Service history:**

February 2022 Antifoul and propspeed

March 2022 – Engines serviced

March 2022 – Genset serviced, Heat exchangers serviced,

Near new batteries and near new fire extinguishers.

August 2023 – Interior refurbishment

The interior wood is classic cherry in high gloss finish complimented with leather furnishings. The spacious full width saloon is aft with large stainless steel framed sliding doors that open to the covered aft deck seating and swim platform.

There is a circular spiral staircase up to the flybridge to port and the galley is down to the starboard. There is another set of steps leading up to the flybridge from the aft deck area. The Master suite is amidship to starboard with private ensuite head and shower. The VIP stateroom with queen berth is forward and shares a head and shower with the guest stateroom, which has side by side single berths. The lower helm station is positioned at the forward starboard end of the saloon with a spacious dinette across to port.

While all care has been taken to ensure the above is accurate, the Agent and the Agents Representative operating for Motor Yacht Centre Ltd is reliant upon the information supplied. Therefore, the Agent and the Agents Representative cannot be held to account for any misrepresentation. It is agreed that the Vendor sells, and the Purchaser purchases the Vessel and its equipment, as listed in the Inventory and Specifications. We recommend the Purchaser conduct their own independent due diligence, relying solely on its own inspection and the survey/inspection undertaken by its appointed Marine Surveyor or Specialist.
