

Does my forklift need a WOF?

- Do you drive it on the road, in a car park or in your yard where the public have access to? - **Yes**
- Is it used only on your own premises within an area restricted with no public access, ie controlled by a gate house or inside a warehouse? - **No**

Check out the LTSA ruling on a definition of a 'road' <http://www.nzta.govt.nz/resources/what-is-a-road/what-is-a-road.html>

What are the costs?

- Initial registration (must be registered with LTSA) plates and 1 year registration \$190, then
- Annual registration of a forklift approx \$57*
- Onsite WOF Inspection/Safe Forklift Compliance \$190 per check.

**one annual check for new forklifts, 2 x 6 monthly checks for forklifts 6 years and older.*

Why does a forklift WOF cost more than a car?

- We come to you, this is an **onsite** WOF
- This is a specialist forklift WOF, our technicians are required to prove 5 years of experience on forklifts before being issued an Inspectors Certificate.
- This is an Exempt Class WOF, and is more like a COF for trucks, we check all of the normal components as you would on a car, brakes, lights, seat belt etc -
- PLUS the specialist components on your forklift, lift chains, forks, carriage, mast & load plates etc to give you **Full Safe Forklift Compliance**

Get your forklift legal

\$190 (1 check) - \$380 (2 checks) per year + GST
