Identification card

If you are applying for, renewing or requalifying a V endorsement or small P endorsement (see notes below), you must obtain and display a current driver ID card.

Holders of a P endorsement who wish to drive small passenger vehicles (vehicles designed or adapted to carry 12 or fewer persons - including the driver - and operated in a passenger service) are required to obtain and display a driver ID card when undertaking an activity for which the endorsement is required. In practice this means drivers of taxis, shuttles and limousines are required to obtain and display a driver ID card when plying for hire or parked at a designated stand or any other place while waiting for passengers.

On the application form you must enter a 'unique identifier' comprising a combination of up to 8 alphabetic characters arranged in a reasonably memorable combination. This 'unique identifier' will appear on your ID card for the duration of the card. Your choice of 'unique identifier' could be refused and another requested if judged not sufficiently memorable or distinguishable from other endorsement holders.

If you drive only large passenger service vehicles (13 seats or more) an ID card is not required.

Who should use this form?

Anyone applying for any of the following endorsements:

- P Passenger endorsement**
- V Vehicle recovery endorsement**
- I Driving instructor endorsement**
- O Testing officer endorsement**

P endorsement

If applying for a Passenger endorsement, please ensure you read **Factsheet 42: P endorsements for carrying passengers** before you begin your application.

Fit and proper person check

The public expects to be safe and secure when using a passenger service such as a taxi, shuttle or bus, and these services often transport the young and vulnerable. To meet this expectation the law states that only people approved and licensed by the NZ Transport Agency (NZTA) may drive in a passenger service. For this to happen the NZTA must ensure each applicant is an appropriate (fit and proper) person to hold a P endorsement, which includes considering their full criminal history.

You can complete this application and a Fit and Proper Person check before you complete the endorsement course if you wish.

Have you lived overseas?

Every applicant for a P endorsement undergoes a New Zealand Police check (vet) as part of the fit and proper person check. The NZTA will also need verified documents from the appropriate authorities in country(s) in which you have spent any continuous period of more than 12 months.

This applies where:

- you are applying for a new P endorsement, and
- you have been overseas for a continuous period of more than 12 months, and
- were at that time aged 14 years or older

OR

- you are applying to renew or requalify a P endorsement, and
- you have been overseas for a continuous period of more than 12 months since your last P endorsement application

This ensures all applicants are assessed to the same standard and enables the NZTA to make the thoroughly informed assessment necessary before a P endorsement may be granted.

If you have any questions about having lived overseas please call our contact centre on 0800 822 422 before submitting this application.

Where to apply

Take your completed form and all **original** documents to any driver licensing agent. These are selected branches of:

- New Zealand Automobile Association (NZAA)
- Vehicle Testing New Zealand (VTNZ)
- Vehicle Inspection New Zealand (VINZ).

A customer services representative will process your application, check your identification, may take your photograph and a sample signature for your licence as well as check your eyesight and arrange an appointment for any driving tests.

The appropriate fee(s) will be payable at this time.

Eyesight

You must prove that your eyesight meets the required standard.

To do this you can:

- present a satisfactory eyesight certificate issued by a New Zealand registered optometrist (this certificate must not be more than 60 days old)
- present a satisfactory medical certificate issued by a New Zealand registered medical practitioner (this certificate must not be more than 60 days old)
- pass an eyesight screening check at a driver licensing agent.

Note: the eyesight screening machines eliminate the need for many drivers to be tested by an optometrist or medical practitioner. However, if you do not pass this screening check then you must provide one of the above certificates before your application can proceed. Some drivers choose to provide a certificate instead of undertaking a screening check.

If you have sight in only one eye, or have only one eye (monocular vision) you must present an eyesight certificate from a doctor or optometrist.

Medical certificate

You need to present a medical certificate with this application if:

- you haven't submitted a medical certificate for a Class 2, 3, 4 or 5 licence or a P, V, I or O endorsement in the last 5 years;
- you have had a medical condition in the last 5 years that affects your ability to drive safely, and/or your medical condition has worsened, or a new condition has been diagnosed, since your last medical certificate was presented;
- you are requested to by the NZTA (regardless of when you last presented a medical certificate).

The following classes and endorsements are considered to be of the same medical standards:

- Private classes: Class 1 or 6 licence and D, F, R, T or W endorsements.
- Commercial classes: Class 2, 3, 4 or 5 licence and P, V, I or O endorsements.

A medical certificate must be completed by a New Zealand registered medical practitioner and must not be more than 60 days old.

The medical practitioner can be your usual doctor (GP), or if appropriate be a specialist or occupational therapist. The medical certificate must state that you are fit to drive safely or indicate conditions that will enable you to drive safely.

Stocks of the NZTA form *Medical certificate for driver licence* (DL9) are held by medical practitioners.

Warning

It is an offence to supply false or misleading information and may lead to court action. The consequences can include losing your licence and/or paying a fine.

If you do not supply all relevant information, your application may be delayed or declined.

Changing or cancelling

If you need to change or cancel your test please visit your driver licensing agent as soon as possible, or you can call 0800 822 422, Monday to Friday 8am to 6pm. Another fee will be required.

Where there are **two or more complete working days** (excluding weekends and public holidays) between the day you change or cancel your test and the date of your appointment, you will need to pay a rescheduling fee of \$16.40. Where there are **less than two complete working days** (excluding weekends and public holidays) between the day you change or cancel your test and the date of your appointment, you will not pay a rescheduling fee but you will need to pay a further test fee.

You may be eligible for a refund of the first test fee paid where the cancelled test time is taken by another person. If the test fee is refunded, a processing fee of \$16.40 will be deducted. You can obtain an *Application for refund of driver licence fee* form (DL13) online at www.nzta.govt.nz/licence-fees.
