

Indian Sandalwood Oil

Often described as 'liquid gold' Indian sandalwood oil (also known as White Sandalwood or East Indian Sandalwood) is the most luxurious of all sandalwood oils. Comprised of 125 structural compounds, our oil is 100% pure and natural containing only oil distilled from plantation grown *Santalum album*.

Quintis has been able to create a range of oils with different olfactory profiles via blending and processing methods. Our team of chemists can work with you to meet specific olfactory and chemical requirements.

OVERVIEW

Species	<i>Santalum album</i> L. (Indian Sandalwood)
INCI name	SANTALUM ALBUM OIL
Source	Plantation grown in northern Australia
Process	Steam distilled
Appearance	Clear, pale yellow to colourless, slightly viscous liquid
Applications	Ingredient for perfumes, cosmetics, flavour and dermatology
Odour profile	Top note: sweet, creamy and diffuse Heart note: lactonic, slight hay, woody, sweet Base: woody, slightly spicy. Has a true sandalwood character, creaminess being sustained throughout the whole chord; dry-down is tenacious, sweet and woody
