MATARIKI 2022

We were excited to be able to celebrate along with the rest of Aotearoa the magical and meaningful celebration of Matariki. Matariki is an occasion now in the New Zealand calendar which marks the start of the Māori New Year. Signified by the Matariki cluster of stars reappearing in our night sky, this is a time to reflect on the past year, celebrate the present, and plan for the year ahead.

This year at Te Korowai Trust we were excited to be able to celebrate along with the rest of Aotearoa the magical and meaningful occasion of Matariki. Kaimahi reflected on the year past as we ate kai together. It was said by a number of kaimahi that the past year had brought them more of a connection to their whānau and friends. This highlighted a strong desire we all have and hope for others to experience this New Year.

Changes to our organisation

A lot of work has been going on behind the scenes as we look into changing our service delivery, with the outcome being focused toward increasing the time we work with whanau, being more whanau led and empowering whanau for the future.

Ngā mihi nui to Susan Pickett for all her incredible mahi.

Maara kai

Our Maara Kai group has been gathering together weekly. The gardens are still producing, the winter crop consisting of brassica, lettuce and herbs. On the menu has been tomato soup, Fish pie, Macaroni and Cheese and Corn chowder, YUM!

Driver Licence funding announcement

01 July 2022.

Budget 2022 has included funding to help more New Zealanders get their driver licence. The funding will be phased over four years.

In the first year of funding, starting in July 2022, we'll focus on rolling over existing contracts that are delivering great outcomes for New Zealanders.

We'll also start consultation and engagement with providers, agencies and people who need driver licence support. This is to inform the design of new contracting frameworks and referral pathways.

We plan to have changes fully in place by 2025 which will enable ongoing support for around 20,000 people each year.
